

ht 103

Control just about everything but your excitement.

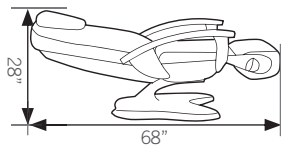

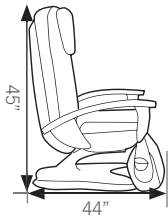

Work. Traffic. The dog eating your tax refund. It's impossible to control all of life's stress, but you now have full control of a great way to alleviate it. The Human Touch® HT-103 massage chair makes it easy to customize its every movement to satisfy your every whim.

Choose from three intelligently designed 15-minute massage sessions, lie back on the ergonomic headrest and let the patented Human Touch Massage System with its rotating foot and calf massager kick all that tension and stress to the curb. The HT-103 precisely follows the contour of your spine to deliver a therapeutic Massage that replicates the hands and techniques of an expert massage therapist. And you control it all with the ergonomic remote control. So sit back and relax. With the beautifully designed HT-103, your comfort, stress and wellness are well under control.

MASSAGE CONTROLLER -
It's all at your fingertips

Art meets state of the art

Beauty goes well beyond skin deep with the HT-103. This remarkable chair contains the most advanced Human Touch[®] technology in a sleek, colorful design that fits any room.

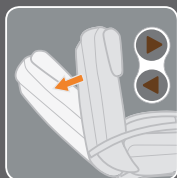

ROTATING, MULTI-SPEED FOOT AND CALF MASSAGER

Tight muscles have nowhere to hide. A powerful three-dimensional massage works feet and calves like a professional massage therapist.

CURVE TRACK-FOLLOWS THE CONTOURS OF YOUR SPINE

No two spines are alike, which is why we customize the HT-103 to yours.

POWER RECLINE

With the push of a button, the HT-103 reclines to a 170-degree angle.

3 INVIGORATING MASSAGE PROGRAMS

Optimal results come from targeted treatment. Choose from three massage programs that fit your needs and desires. Get a great total-back massage or focus on your lower or upper back.
