

back massage pad

HT-1470 with Robotic Massage™ Technology

Full back kneading and rolling massage

Upper and lower back **heat**

Ultra-slim, ergonomic design

Memory foam seat pad

features

FULL BACK MASSAGE

Extended-reach quad-point massage system delivers a rolling and kneading massage over the entire back. Covers 25% more back area than competing massage pads.

HEAT

Heating system provides soothing relief to upper and lower back muscles. Heat prepares tight muscles for a rejuvenating massage.

SLIM DESIGN

Features an ultra-thin, soft-body design for form-fitting comfort. Ultra-Slim, ergonomic design will fit almost any chair or sofa.

MEMORY FOAM SEAT PAD

Memory foam seat pad for form-fitting comfort.

the ultimate massage

The HT-1470 has an ultra-slim ergonomic design that will fit almost any chair or sofa. Its extended quad-point rolling and kneading massage reaches from the lower back all the way to the shoulders. Built-in heat adds to the massage delivers soothing comfort. Whether you want to enjoy a heated massage or just the heat by itself – it's all at your fingertips.

BENEFITS:

Massage therapy helps

- Relieve sore back
- Relax sore muscles
- Increase blood flow
- Reduce stress

Extended-reach rolling and kneading massage covers 25% more back area than competing massage pads.
