

Some small footprints make a big impression.

As one of the sleekest, most compact models we offer, the Human Touch[®] HT-5270 Robotic Massage[®] chair is the perfect fit for any space, and the perfect blend of form and function.

The HT-5270 is suited particularly for a person with a moderate frame of 5' 10" or less who is looking for a rejuvenating and invigorating massage experience. It's loaded with features commonly found in chairs twice its price, delivering an invigorating head-to-toe massage that helps alleviate stress, tension, back pain and sore muscles.

Lean back in the comfortable leather-match upholstery, choose one of three auto massage programs, and discover how the HT-5270's Acupoint Detection sensors automatically locate your acupressure points to effectively target the massage to your back. The three auto massage programs, as well as the four individual massage modes replicate the techniques used by expert back and spinal care professionals. Which means a truly professional massage at your convenience in the comfort of your own home.

Human Touch[®] is proud to offer a unique retractable foot and calf massager that stows hidden away when not in use. The patented Human Touch Massage System aids in improving blood circulation in the calves and feet. Kneading the calves in an upward motion relaxes tension in the muscles and improves blood circulation, soothing away foot and calf pain in minutes.

The HT-5270 is expertly tailored to your body, your mood, and your lifestyle. Its sleek design and advanced engineering work together to enhance your overall well-being, leaving you feeling relaxed and refreshed.

More Features For More Comfort

MASSAGE CONTROLLER – It's all at your fingertips

Moderate in stature – Huge on features

Compact in design, the HT-5270 is loaded with many of our most advanced massage

Automatically locates acupressure points to ensure accurate, personally tuned massage mapping for optimal results.

3 INVIGORATING AUTO-MASSAGE PROGRAMS

Truly addition by subtraction, this unique system allows you to start with a full-feature

kneading and vibration features as desired.

massage and subtract the foot and calf

Optimal results come from targeted treatment. Choose from three massage programs that fit your needs and desires. Get a great total-back massage or focus on your lower or upper back.

FULLY RETRACTABLE FOOT AND CALF MASSAGER

It's critical to massage the calves in an upward, rolling or wave-like fashion. This motion forces blood away from the feet and toward the core of the body allowing fresh nutrient-rich blood to re-enter the calves and feet for greater healing and soothing comfort.

INCLUDES KNEADING + PERCUSSION MASSAGE COMBO

The HT-5270 incorporates the dual-mode

Kneading + Percussion technique, providing the most vigorous deep-tissue massage

POWER RECLINE/ INCLINE

available.

With the push of a button, you can ease back for the ultimate massage, and just as easily get out of the chair when you're done.
