Zero-Gravity  
Recliner

## Perfect is a word that's often overused—but, sometimes it's the perfect description.

The Human Touch® Perfect Chair® PC-085 artfully blends the best of aesthetics, technology and wellness in a seating experience that transcends the highest standards of comfort. The electric recline system eases the body into a virtually weightless position, as it elevates the legs above the heart and relieves weight from the spine. This remarkable chair – inspired by the zero-gravity chaise developed by NASA to support astronauts during their ascent into orbit – relieves the soreness, tension and fatigue caused by the earth's constant pulling. And as one of our most generously padded chairs, the PC-085's fixed-form seating position ensures maximum ergonomic posture at all recline angles, consistent with physician recommended sitting posture.

Beyond function, the PC-085 fits your sense of design as comfortably as it fits your body. With numerous color combinations and solid renewable plantation-grown parawood, this remarkable chair complements even the most sophisticated room décor—perfectly.

More Features For More Comfort

FEATURES:

3-Year Limited Warranty

THE WEIGHT IS OVER

The Perfect Chair is expertly engineered and crafted to defy gravity's adverse effects, placing the body in a position to restore its natural wellness. And incorporating only the finest designer materials and finishes, it's also pretty easy on the eyes.

ELECTRIC RECLINE SYSTEM

A smooth-functioning, high-performance recline system with whisper-quiet motors eases the chair from upright to full recline in less than 15 seconds. And you control your journey from sitting to floating with an unobtrusive, easy-to-use fingertip recline lever.

CUSHIONED FOR COMFORT

Generous bonded leather cushions for a soft touch and furniture springs for superior comfort seating.

RUGGED FRAME AND RAILS

The high-tensile-strength steel body frame is powder-coated with a durable and protective surface that ensures a long life free from rust and discoloration. And the graceful, nickel-plated guide rails ensure smooth recline motion.

LUXURIOUS UPHOLSTERY

Bonded Leather, adorned with beautiful French triple-stitch patterns, this chair's construction is a seamless blend of opulence, quality and old-world craftsmanship. Select from 4 rich colors.
